## **SCCC season opener cancelled due to severe weather**

*Options under consideration for making up the missed twin races at a future date*

BOWMANVILLE, ON (May 22, 2022) – After an exciting qualifying round Saturday morning in the Sports Car Championship Canada (SCCC) presented by Michelin race series with 14 cars in the TCR class and six cars in the GT4 class, the first of two scheduled races at the Castrol Victoria Day Speedfest was cancelled Saturday afternoon following a severe thunderstorm that pummeled Canadian Tire Motorsport Park. There was extensive damage to the teams' equipment and paddock setups, in addition to other weather-related issues.

Following a meeting that FEL Motorsports held with the teams and drivers, it was determined that the field of 20 cars could not run equitable points races and needed to cancel the weekend's races and will look at options to make up the two races at a later date. Details will be announced as soon as possible.

Sports Car Championship Canada (SCCC) is a series of races open to GT4 and TCR sports cars. The series now in its second year is a Canadian national championship. SCCC is organized by FEL Motorsports which is involved in revitalizing and reinvesting in motorsports in Canada.

Launched last year, the SCCC race series saw some of the best sports car teams and drivers in Canada competing for prizes and money.

### **FEL Motorsports**

FEL Motorsports grew out of a deep base of automotive roots from FEL Automotive Learning and Promotion. FEL Motorsports is focused on growth and sustainability in the Canadian Motorsports landscape by giving back to its teams through prizing and prize money.
